

Funders' Meet, 2019

On 9th of August, Sambandh organized its Funders' Meet in Bhubaneswar. As many as 55 senior representatives from Banks, FI, Rating Agency and Industry Body joined the team in making the evening program a successful one. The esteemed guests even shared their positive feedbacks on the uniqueness and Culture of Sambandh, and suggested to focus on product innovation and diversification part. The meet then concluded with a networking dinner at the Mayfair Hotel.

Conducting RBI DEA Workshops with MFIN

Sambandh is one of other member institutions selected to carry out a series of Depositor Education and Awareness Workshop, in some of its identified operational geography. To take the initiative forward, MFIN organized TOTs where our teammates from the training team responsible for conducting these workshops, participated in the TOT workshop in Bhubaneswar and Ranchi.

Celebrations for National and International Days of Significance

Independence Day Celebrations

Employees of Sambandh at its different offices joined together to celebrate the Independence Day by hoisting the National Flag, singing the National Anthem and remembering the sacrifices of the freedom fighters on 15th August 2019.

Observing International Day of the World's Indigenous Peoples

There are about 370 million indigenous people around the world, close to 5% of world's population, and astonishingly account for 15% of the world's poorest. They inherit and practice some of the unique cultures, however history shows their rights have time and again being violated. Hence in order to raise awareness of the needs of these communities United Nations has declared to celebrate 9th August of every year as International Day of the World's Indigenous Peoples. Team Sambandh came forward and celebrated the day with some of the tribal based themes and activities.

Sambandh Experience....as they speak!!

Amita from Berhampur, Ganjam district of Odisha is from a financially backward family, but with her perseverance and will-power she was able to complete her MBA in Marketing. Looking at her adverse situation, one of her professors guided her to join Sambandh. Her experience of almost one and a half years in Sambandh has made her confident by

earning something on her own with hard work & lot of passion, like she did during her studies. With a stable income she could now support her family in different ways – and that satisfaction can't be measured by anything as she so joyfully expresses during the interaction. Amita said that HSD (Human Skill Day), an employee engagement activity, has helped her growing as a professional & improved her public speaking skills as well. She says "When I look into the mirror, I see a different version of myself. And that's an achievement for me". As an FSO Amita has to face lots of challenges every day in the field, but she takes it as a new opportunity to learn & introspect. She says, "It feels great when you work in such an organization, which believes in equality, where everybody is equal in everyone's eyes".
